Cocktails

(a few of our favourites but happy to take requests)

Signature Blackberry Mojito

A twist on the classic mojito with blackberries mint and rum. Refreshing, easy and light, it's a cocktail worthy of its name seeing as mojo means "do magic" in Afrikaans!

Ingredients: White Rum, Sugar, Fresh Lime Juice, Mint, Blackberries

Marmalade Margarita

A timeless classic and named after an explosive and beautiful woman, this seemingly simple, extremely refreshing with mysterious past cocktail, it knows how to charm friends and foes of alcohol.

Ingredients: Tequila, Triple Sec, Marmalade, Lime Juice, Sugar

Espresso Martini

One of the few ersatz martinis to be worthy of their name, the espresso variety is perfection in a glass, simple, stimulating and utterly delicious.

Ingredients: Vodka, Kahlua, Espresso, Sugar

Pornstar Martini

Evocative and tantalising called a Pornstar because the creator thought it was something a Pornstar would drink, but there's nothing sexual!

Ingredients: Rum, Passoa, Lime, Sugar, Passion Fruit

Bee's Knees

A Prohibition Era cocktail served shaken and chilled. Some stories claim the drink was concocted because the honey masked the odor of the liquor, none the less, with today's variety of gins the Bee's Knees is a delightful cocktail. The name comes from prohibition-era slang meaning "the best"!

Ingredients: Gin, Elderflower, Runny Honey, Lemon Juice

Old Fashioned

A sugar cube soaked in bitters, a shot of whiskey and orange peel served since the mid- 1800's. An impressive timeless cocktail and one of the best ways to enjoy your favourite bourbon or rye whiskey.

Ingredients: Whiskey, Angostura Bitters, Sugar, Orange Peel
